To illustrate Rebate Bridge pricing, please review an example of a \$100,000 rebate submitted by a NEIF-Approved Contractor. Assume that NEIF waits 60 days to be paid by the rebate agency.

Overview of Rebate Bridge Scenario:

- ✦ **Original Rebate Amount:** \$100,000
- ✦ **Timing:** 60 Days*
*Reminder: NEIF waits for the rebate, not you! We pay you in under 1 week.
- ✦ **Total Disbursement to Contractor:** \$97,422
- ✦ **Total Cost to Contractor:** \$2,578.08* (2.58% of Rebate)

Process

1. NEIF-Approved Contractor submits \$100,000 rebate to NEIF before Friday at Noon (EST).
2. NEIF disburses 80% of \$100,000 (\$80,000) to the contractor via ACH in under 1 week.
3. NEIF waits for rebate payment from the rebate agency (60 days).
4. Upon being paid by the rebate agency, NEIF disburses the remaining 20% of the rebate to the contractor minus the NEIF Fee.* Contractor receives \$17,422 via ACH.

*NEIF Fee Calculation

- ✦ (3% of Rebate Value [max \$1,000]) + (80% of Rebate Value * 1% per month)
- ✦ *Please note: The equation provided is an approximation. Interest rate is calculated daily.*
